2021-2022 Questions

Council raises these questions for intentional discernment about God's leading at FMC. They may lead to future priorities or specific actions.

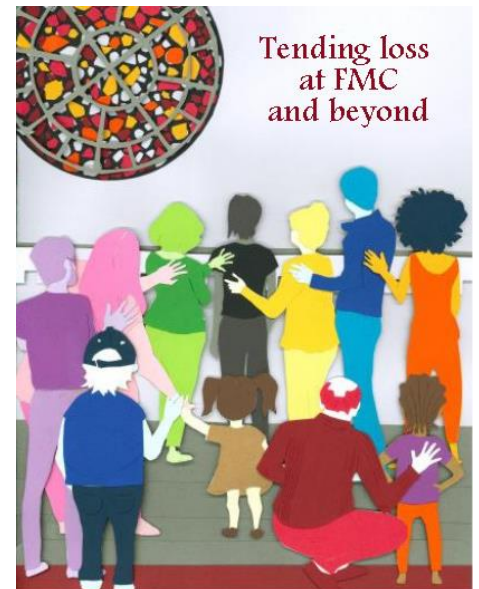

How does our physical space serve us and our calling in the wider community?

How can we nurture and equip a culture of hospitality where relationships grow organically?

How can we help each other to better see the sacred within and the sacred nature of our life together as the body of Christ?

How can we tend to trauma and loss within and beyond our FMC community?
